NOTE:

There are 3 questions in today's quiz.

Participants have to send the solutions to nitgraagency@gmail.com.

If any answer is missing the participant would be awarded 0 in that question.

Important : Only 1 entry per participant.

1.

(4) Marks

The Chunin Exam:

Ross, Rachel, Chandler, Joey and Monica wrote an exam consisting of 2 multiple choice questions(a, b, c) and 3 true false type question. Everyone answered all 5 questions and their response was recorded as follows:

	I	II	III	IV	V
Ross	a	a	t	t	t
Rachel	b	<u>b</u>	t	f	t
Chandler	a	b	t	<u>t</u>	f
Joey	b	c	t	<u>t</u>	f
Monica	c	a	f	t	t

It was observed that no two people got the same score.

Who was the one among these friends who scored the maximum number of marks?

(3) Marks

2.

"Sherlocked":

One out of four people was murdered the last day. The group of four people consists of two men, Charlie and Alan and two women, Carol and Arva.

Sherlock was provided with the following facts:

- (1) Charlie's sister argued exactly once with Carol's legal husband after the murder.
- (2) Alan's sister argued twice with the victim's legal spouse after the murder.

Who was the victim in the above scenario ?

Submit to: nitgraagency@gmail.com

(3) Marks

3.

Code Words:

Timon and Pumba used a secret code to communicate with each other. Where each letter represents a different digit. And none of the letters represents 0.

$$\begin{array}{r} \text{N O S I E R} \\ + \text{A S T R A L} \\ \hline 7 2 5 6 1 3 \\ \hline \end{array}$$

They transmitted 7 2 5 6 1 3 to each other. Decode the message they sent to each other.
